**WEDDING DELAYED.**  
Groom-to-Be Sprained His Ankle—  
Was to Marry Former New London  
Telephone Girl.

Last Wednesday was to have been  
the wedding day of Harry Wood, a  
commercial traveler living at No. 73  
Windsor avenue, Hartford, but instead  
of standing in front of the preacher  
with his bride, Mr. Wood spent the day  
—as he will spend many days—in bed  
at the Hartford hospital, his leg in  
splints.  
Mr. Wood and Miss Torson of  
Willets avenue, New London, daughter  
of Mr. and Mrs. Robert T. Torson,  
were to have been married on Wed-  
nesday at the bride's home. A few  
days ago, Mr. Wood slipped on a side-  
walk, turned his ankle and fell, break-  
ing a bone in his leg, and making nec-  
essary a postponement of the wedding.  
The bride-to-be was formerly employ-  
ed in the New London office of the  
Southern New England Telephone com-  
pany.

with the Chester W. Chapin, the latter  
having been returned to the line last  
week.

**LAND WORK ON OCEAN TERMINAL**  
Contractor Will Begin at Once on Stone Work and Land Ex-  
cavation—Scott Company Now Delayed by Non-Arrival  
of Piles From Florida.

The second step in the construction  
work on the new steamship terminal at  
New London is ready to be begun  
at once, being the stone work and land  
excavation at the terminal, and upon  
this the contractor expects to start  
operations today, or as soon there-  
after as the weather is favorable. The  
first detail upon which the contractor  
will begin will be the construction of a  
spur track connecting with the tracks  
of the Central Vermont railway. This  
spur will be used in conveying mate-  
rial to the terminal site.  
It will be necessary to extend the  
track close to the beach, so that the  
excavation to be used in constructing the  
walls of the filled area of the pier and  
also the rip rap which will be used to  
solidify the crescented pile area may be  
conveniently transported. The contrac-  
tor will furnish all the stone to be  
used in the terminal construction.  
Work will be started with a small

**HAS YACHT WAITING**  
AT NEW LONDON.  
"Lucky" Baldwin's Daughter Will Ac-  
tress There After "Round the World  
Trip."

On Tuesday, says a Los Angeles re-  
port of Saturday, Mrs. Clara Baldwin  
Stock, daughter of "Lucky" Bal-  
dwin, and possessor of many millions,  
will start for New York on her way to  
Europe.

Hers is no ordinary trip, for she  
will occupy the imperial suite of the  
steamship Imperator at a cost of \$12-  
000 for the entire voyage. She will take  
a cruise through the Panama canal on  
her palatial yacht.

"Of course I like diamonds," said  
Mrs. Stock in her Ocean Park home.  
And what woman does not? And  
now I can buy them, too. Large  
ones, perhaps, because they represent  
more money. I don't wear them  
much, I don't like to. I don't wear  
them in any case. I don't wear them  
frequently of attempted robbery. I  
have been criticised much for being  
so plain in jewelry, and I wish noth-  
ing more would be said about them."

It is said Mrs. Stock's trip at least  
cost \$25,000, and after returning she  
will go aboard her private yacht at New  
London, Conn., fit it up as a veritable  
floating palace and start on what will  
probably be one of the costliest  
cruises ever undertaken.

The racing colors of the red fath-  
er, "Lucky" Baldwin, the red flag with  
a Maltese cross of the yacht, California,  
and she will sail through the  
Panama canal, to the 1915 exposition  
in San Francisco.

**AVOIDING CONTROVERSY.**  
Resolution Adopted by Connecticut D.  
A. R. Women at Meeting in Water-  
town.

Following is the text of the resolu-  
tion presented and adopted at the  
meeting of the Connecticut D. A. R. at  
Watertown, held at Watertown on Wed-  
nesday in preparation for the annual  
Continental Congress of the D. A. R.  
held in Washington next month.  
Whereas it has ever been and still  
is the opinion of the Connecticut D.  
A. R. that it is unwise for them as an  
organization to enter upon or take  
side in any controversy, religious, po-  
litical or otherwise, and that it is the  
policy of the organization to maintain  
an attitude of strict neutrality as  
regards all such questions, and that  
it is the policy of the organization to  
maintain an attitude of strict neutral-  
ity as regards all such questions, and  
that it is the policy of the organization  
to maintain an attitude of strict neu-  
trality as regards all such questions,  
Resolved, That we, the Connecticut  
D. A. R., do hereby express our sym-  
pathy for the cause of woman suffrage,  
total abstinence, upon all ques-  
tions outside of our province in-  
volving controversy, it being con-  
sidered that members as individuals  
are free to do as they please; and,  
Resolved, That we most heartily in-  
dorse the words of our president gen-  
erally expressing our sympathy for  
the cause of woman suffrage, total ab-  
stinence, and that we support her in any  
effort she may make to keep these subjects  
out of the deliberations of the Daugh-  
ters of the American Revolution; and,  
Resolved, That these resolutions be  
circulated in the public press, and that  
copies be sent to the national board of man-  
agement.

**PASSION SUNDAY SERMON.**  
Rev. T. J. McNicholas Preaches at  
Vespers at St. Patrick's Church.

Nearly all the pews in St. Patrick's  
church were filled Sunday evening for  
the Passion Sunday sermon service at  
which Rev. T. J. McNicholas, of New  
York, gave an eloquent and stirring  
sermon on the merits of the Catho-  
lic religion. This was the fourth Sun-  
day that he has preached in the church,  
and his instructive words were listened  
to with much interest by all present.

Father McNicholas said there is a  
religious instinct in our nature, a de-  
mand for religion, and only religion can  
satisfy it. Here Father McNicholas  
told the story of a woman who had  
long disowned Christianity and who  
was converted by a priest. He per-  
suaded her to make an investigation  
into the facts surrounding his re-  
ligion. Continuing, Father McNicholas  
said this is the position of the Catho-  
lic church. She says: "I have no se-  
crets. I merely ask you to investigate  
and I invite the world to examine my  
doctrines."

The Catholic church teaches that  
there is a sacramental system. Any  
Catholic child of six or seven years  
will be in answer to the question how  
many sacraments there are, say there  
are seven sacraments. It is the same  
in New York and all the world over.  
There is absolute unity throughout the  
Catholic world. Father McNicholas  
spoke of penance and eucharist. With  
regard to penance he said confession is  
meaningless unless you make it with  
the determination never to sin  
again. The reason why our church  
is filled Sunday after Sunday is be-  
cause of the belief in the presence of  
God on our altar.

Left Coast in Rockville Mills.  
The will of Mary Corbin Payne, late  
of Hartford, after bequeathing various  
personal articles to relatives and  
friends bequeaths all the shares own-  
ed by her in the American Mills com-  
pany of Rockville, and shares in the  
United States Envelope company to  
Fred F. Payne in trust for her son,  
Clarence S. Payne, under the will attain-  
ing the age of 40 years, when at the di-  
rection of the trustee he shall receive the  
shares absolutely. Clarence S. Payne

Fred F. Payne is named as executor.

force of men, which will later be in-  
creased to about 50.  
The Scott company is making good  
progress on its pile driving, notwith-  
standing the fact that it has been hin-  
dered somewhat by delay in obtaining  
piles. The first shipment of crescented  
piles is expected from Jacksonville  
about April 15. These piles are cut to  
the requisite length and treated to a  
water and insect proof coating before  
shipment.

Nearly all of the buildings which  
stood on the terminal site have been  
removed or are in process of removal.  
Within a few days the only ones which  
will remain are the houses occupied  
by the office of the harbor commis-  
sioner and that of the T. A. Scott Co.  
This will leave the site clear for the  
construction of the terminal ap-  
proaches and for excavation. No ma-  
terial will be dumped into the filled  
area until the granite walls which will  
rest on the rows of piles have been  
placed in position.

**CO-OPERATING WITH NORWICH**  
**COMMERCIAL TRAVELERS.**  
New London Men Giving Local Indus-  
trial Exposition a Boost.

Reports from the several sub-com-  
mittees of the exposition committee  
of the Norwich Industrial and Good  
Home Exposition made at the last  
meeting show that the committee  
name of Norwich has made an impres-  
sion on outsiders, and the New Lon-  
don Commercial Travelers have sig-  
nified their intention of participating  
with the local travelers and the Board  
of Trade in the Exposition, and will  
boom things in New London to assist  
the committee. It is fair to expect  
that the Whaling City men will do  
their share to boost their sister city.

The co-operation manifested by the  
merchants and manufacturers in the  
project is a sufficient guarantee that  
the approach what it is planned to  
attain. Six more booths have  
been taken by local applic-  
ants, making a total of forty spaces  
disclosed, and applications from one  
of town parties are being laid one side  
until a number of the leading stores  
and manufacturers shall sign up for  
exhibition space in the armory. To a  
considerable extent the city will be  
judged in a business way by the com-  
ing exposition, and all the leading  
stores and manufacturers will demon-  
strate their pride in taking a  
share towards making the show the  
success it will be.

**School Children Will Participate.**  
The public and parochial schools have  
been invited to participate in the ex-  
position, and two booths close to the  
armory will be reserved for the use of  
the schools. Supt. Graham is espe-  
cially in favor of the project and the  
matter will be taken up at the next regu-  
lar board meeting and it is believed  
at the opportunity given the children  
will have the advantage of displaying  
to the thousands of visitors the good  
work done in the schools.

It was suggested that rebate tickets  
be issued by the merchants of the city,  
and \$5,000 will be distributed so that  
every one who trades in Norwich will  
have an opportunity of visiting the  
armory. Five hundred shows cards  
distributed in Eastern Connecticut will  
announce the features of the exposition.

**TIERNEY CADETS TO**  
**BE REORGANIZED.**  
Boys in St. Patrick's Parish Will Make  
Up Company.

The Tierney Cadets are to be reorgan-  
ized at Norwich, Sunday President J.  
A. McDonald of St. Mary's Tierney Ca-  
dets of New London and First Lieut.  
James Dwyer, Jr. came to Norwich  
last night to advise the boys of the  
reorganization. Already  
50 names have been secured. The  
meeting was under the direction of  
President James McCarthy and Pat-  
rick Tierney, both of this city, and James  
A. McDonald of New London.  
The formal reinstating exercises will  
take place here Easter Sunday. As yet  
a final list of the candidates has not  
been engaged, but McCarthy, Tierney  
and McDonald will make arrange-  
ments for the hire of a place before  
Easter Sunday. The new company will  
be known as St. Patrick's Tierney Ca-  
dets of Norwich.

**School Vacation.**  
The Easter recess for the schools of  
the town begins on Friday and will  
last a week.

treating corns. Thousands who have  
puttered with old corns for years, have  
gotten rid of them right off, with a  
few drops of "GETS-IT," applied as  
quick as you can spell your name.  
Corns just love to be cut, picked, filed,  
rouged and pulled. Quit it. You've  
tried cotton rings that cause shooting  
corn pains, greasy salves that spread  
over the toe and make it raw and tape  
that sticks to the stockings—now try  
"GETS-IT." It has none of the draw-  
backs of the old style corn cures, causes  
pain and never falls on any corn or  
callus.  
"GETS-IT" is sold by all druggists,  
25c a bottle, or sent direct, by E. Law-  
rence & Co., Chicago.

**Get a Gas Heater**

You all know it's dangerous to eat  
breakfast in a cold room, and I sides,  
it's not very comfortable. Whereas,  
with one of our heaters installed, you  
only have to light it a few minutes  
—breakfast is called in order—
